

Where can I get a replacement breaker?

To get a replacement Bryant Type BRD BR 15-15 CU-AL SWD circuit breaker, find an Electrical Supplier in your area. If you are in a remote location and the nearest supplier is more than an hour away, consider getting a replacement through a local Electrician. Note that Bryant is now replaced with Cutler Hammer products, so a Cutler Hammer/Eaton reseller would be more than happy to help you.

Where can I buy a new circuit breaker?

You can buy a new circuit breaker from Aaker.com, which usually offers the lowest prices on the internet.

Which breaker should I buy?

Square D is the first brand I would recommend, thanks to its sturdy construction, reliability, and ease of working with. Square D is one of the more popular breaker brands available almost everywhere. If Siemens and Square D aren't an option, you can also try Air Circuit Breakers, but only for voltage loads less than 450.

How much does it cost to replace a breaker?

Find a replacement breaker with the same voltage. Look in the electrical section at your local hardware store for breakers that are the same size as the ones you're replacing. Single and double pole breakers typically range from around \$5 to \$10 USD. Turn off the individual breaker you need to replace.

Who makes low voltage circuit breakers in China?

One of the most renowned national producers and exporters of low voltage circuit breakers in China, Shanghai Dada Electric Co., Ltd., was established in 1986. This organization has taken the lead when it comes to using the ISO9001 Quality Management System.

How do I find a replacement breaker?

Either on the breaker itself or in the panel box, there should be a list of model numbers for each breaker. If you can find a replacement breaker of a different brand that has the same model number, there's a very good chance that you can use it as a replacement if it fits your box.
