

Where are switchgears made?

---

Our range of switchgear is born and bred in Australia. We began our journey over twenty years ago and are proud to have supported many businesses across Australia, New Zealand and the Pacific during this time. Our local staff are the backbone of our organisation.

Who makes a switchboard?

Pine manufactures Low Voltage switchboards and Medium Voltage switchgears with a wide range of voltages, currents and breaking capacities. More than 45 years designing and manufacturing electrical switchboards place Pine in a leading position in the main strategic markets. Furthermore, we are specialized in the manufacture of high power equipment.

Who makes pine switchboards?

Pine manufactures Low Voltage panels and Medium Voltage switchgears with a wide range of voltages, currents and breaking capacities. More than 45 years designing and manufacturing electrical switchboards place Pine in a leading position in the main strategic markets.

Who makes low voltage electrical switchboards?

Pine has extensive experience in the design and construction of the following Low Voltage electrical switchboards in fixed, compartmentalized and withdrawable execution. . Our switchboards are installed in more than 35 countries all over the world. Control Units: automation and regulation boxes, control desks, consoles...

What is Iberapa's new switch-disconnector?

Going forward with innovation, quality and transparency. At Iberapa we are proud and excited to develop this project, which is a new switch-disconnector under metal enclosure for use in medium voltage distribution network switchgear, eliminating the use of SF6 gas. This new design with electrical isolation systems,...

3 days ago ABB Switchgear and GE Industrial Switchgear products include options for low voltage and medium voltage. Comprised of electrical disconnect switches, fuses or circuit ?

Spain's commitment to renewable energy presents significant opportunities for the Switchgear industry, particularly in integrating smart grids and ?
