

Who is Acey new energy technology?

ACEY New Energy Technology, founded in 2009, is a one-stop supplier specialized in manufacturing advanced machineries and offering the best tailored solutions for lithium-ion battery pack assembly line. Our R&D team has more than 20 engineers and over 10 years of professional development experience in lithium ion battery pack assembly line.

Who is new energy?

New Energy Ltd is a professional battery pack designer and manufacturer with more than 20 years of experience. We serve the industry in Europe and in the USA making innovative products with technology, enthusiasm and passion. Our core experience is based on years of operations handling Li-Ion battery packs, the core of today mobile energy.

What are the technical parameters of intelligent battery pack?

Intelligent battery pack finished product handling and packaging system. 3: Technical Parameters: Total production line length: 16 meters. Production capacity: Up to X battery packs per hour (customizable). Precision level: ±0.1mm positioning accuracy. Processing efficiency: 99.5% uptime.
